

# AKRİPOL 5+1 Filler

Akripol 5+1 Filler is a quick drying, high build filler designed to be used on both repaired parts and new parts for vehicle refinishes.

It has easy applicability and outstanding sandability properties.

It is produced in Light Grey, Medium Grey and Dark Grey shades.

Akripol 5+1 Filler can be tinted with Akripol 2K Topcoats up to 10% by volume.
